rfierro@s-s.mx

Raymundo has over 7 years of professional experience in litigation and labor law consulting.

He provides advice in individual and collective matters and has represented several national and transnational companies in the mining, chemical, automotive, film, and food industries.

In addition, he has extensive experience in dealing with inspections regarding general working conditions, training, health and safety before the Ministry of Labor and Social Welfare, as well as the application of Mexican Official Standards and compliance with current labor regulations of the companies.

Likewise, his service specializes in the termination of labor relations and the preparation, review, and modification of individual employment contracts and internal policies.
