

ANGÉLICA LÓPEZ
Associate

MEXICO CITY

52 55 5279 5423

angelica.lopez@s-s.mx

With more than 6 years of professional experience, Angélica specializes in environmental and administrative law.

Her practice focuses on providing advice on environmental law issues, such as environmental impact, integrated waste management, and urban development, among other administrative law matters.

Angélica also provides advice in determining the legal and environmental feasibility for the development of projects; for obtaining various environmental and urban procedures (authorizations, registrations and licenses) before the three levels of government; as well as for compliance with applicable national legislation.
