Santamarina y Steta has a team with deep knowledge and experience in the legal and regulatory framework. They satisfy various needs and projects with detail-oriented attention and concern for customer satisfaction. In addition, they add value in defining plans, processes, and strategies to maximize the project's expected value.

The Legal 500

Who we are

We are a Mexican full-service law firm that provides highly specialized corporate and transactional advice to national and international clients in various sectors and industries. We also represent clients in high-value litigation cases and in enforcing arbitration awards.

As legal experts in Mexico, we understand the circumstances that clients face when establishing or expanding their businesses in the Mexican market. Our team of experts designs strategic solutions with a global perspective that translates into successful results.

Strategic Solutions

- + Strategic, comprehensive, and tailored solutions
- + Extensive knowledge of the Mexican legal market
- + Specialized advice to prevent legal risks
- + Highly qualified attorneys in various practice areas and industries
- + Synergy and close collaboration with clients
- + Extensive international network of contacts and alliances
- + Timely response and flexible costs
- + Global perspective in a local context to support business growth

Climate Change and Sustainability

We specialize in technical and legal consulting for environmental project management and the implementation of compliance systems, audit, monitoring, and evaluation of environmental legal obligations, as well as the design of corporate environmental governance strategies and corporate social and environmental responsibility.

We provide advice for obtaining permits, authorizations, and licenses from the three levels of government, and for the proposal, discussion, and drafting of environmental public policies, the implementation of climate change adaptation and mitigation measures, as well as environmental litigation processes, including collective actions, popular complaints, and environmental liability lawsuits.
